Gondola Sofa

A nod to West Coast American-Modern, with deep, low-slung frame and comfy sheltering arms. Reversible seats offer the support and resilience of memory foam.

Designed and made in Melbourne by a third-generation maker, using traditional techniques.

- Frame is bench-made with solid hardwood rails that are kiln-dried and corner-blocked to prevent warping
- Seat deck fitted with Italian made webbing
- Reversible seat cushions have a core of high-resilient Australian made foam, laminated with memory foam on top and bottom
- Reversible back and arm pillows are pocket-filled with feather and fiber, and button tufted by hand
- The 320cm over-sized sofa is built in two pieces, for easy delivery and access through your home
- Wood block feet available in five finishes

Modular and sectional versions are available to custom order - please enquire with the store. Please allow for a +/- 1 to 2cm tolerance in key dimensions, to account for variations in padding and upholstery, and the hand-made nature of our sofas.
