

## Modern Track Arm

An over-padded frame and gently slack upholstery create a relaxed look – emphasized by buttery New Zealand leather.

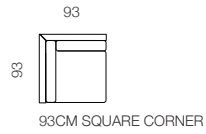

The full grain leather is tanned using premium local NZ hides. It is aniline- dyed and finished with wax, leaving intact a natural surface and inherently soft handle.

Available to customize in numerous sofa lengths or chaise sectional groups – in leather or fabric.

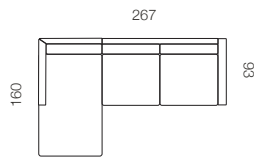

- Made for SOFACRAFT by a second-generation family-run manufacturer
- Frame built with hardwood rails that are kiln-dried and corner-blocked to prevent warping
- Seat deck fitted with Italian made webbing
- Leather seat cushions have a core of Dunlop Enduro foam, with a pocketed wrap of duck feather and fiber
- Leather back cushions are pocket-filled with duck feather and fiber, with metal ring venting

Modular and sectional versions are available to custom order - please enquire with the store. Please allow for a +/- 1 to 2cm tolerance in key dimensions, to account for variations in padding and upholstery, and the hand-made nature of our sofas.
